## ESTATE

### COMPLETE SHORTHORN DISPERSION SALE

MONDAY, FEBRUARY 13, 1961

COLDWATER, KANSAS

Sale starts at 12:00 noon, sharp – Coldwater Sales Co. Pavilion

#### 157 HEAD SELL

*"Featuring quality Shorthorns that have been bred for uniformity"*

2 HERD BULLS

108 COWS TO CALVE THIS SPRING

8 BRED HEIFERS

39 OPEN HEIFERS

V. E. DeGEER, LAKE CITY, KANSAS, up until his death last summer, maintained one of Kansas' largest and long-time registered Shorthorn herds. The herd was established by his grandfather 65 years ago. Always a large herd, it was culled drastically in the last several years to its present size. In the past 30 years, the herd sires have come largely from Tomson Bros., Wakarusa, Kansas. In 1946, 4 Tomson females were purchased from the Dillard Clark herd and later about 15 head of top females were added through state sales from leading herds.

The two present herd bulls are three and four-year-old sons of Valiant Barony by the \$5,000 Beaufort Barony and of P F Fortune by Imp. Phopachy Fortune. Both are out of the same cow, Mayflower 69th by Upright Royal Prince, grandson of the \$63,000 Perth champion, Pittodrie Upright. 88 of the females selling in this sale have been mated to these two bulls. 26 of the females have been mated to Valiant Commander, an 8-year-old son of the noted Gregg Farms Commander by the \$4,000 Edellyn Valiant Mercury that was in service in this herd until late summer. This bull also has 46 daughters selling in this sale.

The ages of the cows are good. 85 are four years-of-age or under and only 10 head are over six years-of-age. This is due to a careful culling program with particular attention being paid to regular production.

There will be 22 daughters in this sale of Mercury Starry Archer by the \$10,000 Mercury Jasper 2d and out of Lady Goldie 66th by Millhills Starry Archer.

There are 32 daughters of Upright Royal Prince, purchased in the 1951 Tomson Bros. sale and probably one of the greatest bulls ever used in this herd. His dam is by E & M Conqueror out of the \$4,000 Biltonhall Beeswing and she was purchased in the John W. Metzger Dispersion sale in Denver.

The cows sell in just strong breeding condition, with no extra fitting. They are all T.B. and Bangs tested and official vaccination for Bangs has always been practiced. They are ready to go to work for their new owners and only the settling of this estate makes these cattle available in this large dispersion sale.

Here's your opportunity to buy well-bred Shorthorns, bred for uniformity and type in one of the largest sales of the season of unfitted quality cattle that will give your buying dollar plenty of mileage.

**MERVIN F. AEGERTER, Sale Manager, SEWARD, NEBRASKA**

**Auctioneer: Dick Kane, Wisner, Nebraska**

# GENERAL INFORMATION

**LOCATION** – The sale will start promptly at 12:00 o'clock noon on Monday, February 13th. It will be held in the Coldwater, Kansas Sales Company Pavilion, located 1 mile East of Coldwater on U.S. 160. Plenty of cafes available in the area and good trucks also available locally for short and long distance hauls. Coldwater is on the Santa Fe Branch Line that runs from Wichita to Engelwood, Kansas.

**GUARANTEE** – Since this is a complete dispersion, all the cattle will be sold without further guarantee. We would like to point out however, that this herd has been closely culled at all times and only regular producers have been maintained in the herd. Many of the cows will start calving in early March and Mr. Gene DeGeer who has had complete charge of the herd, will be on hand to give complete information on sale day. You can buy with confidence.

**TERMS** – The terms of the sale are cash.

**HEALTH** – All cattle will be T.B. and Bangs tested, and official calf-hood vaccination for Bangs disease has always been practiced. All cattle are guaranteed to comply with the health regulations of any state or country into which they may go.

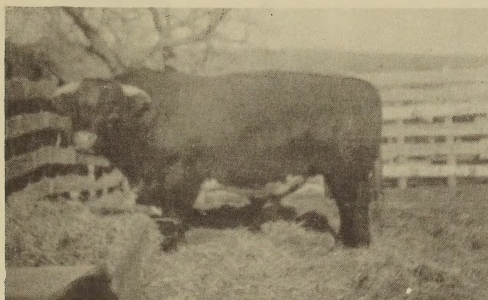

**LIABILITY** – Although every precaution will be taken to provide for the safety and comfort of those attending this sale, all who attend do so at their own risk. Neither the owner, auctioneer nor the sale manager accepts any liability for accidents that may occur.

**BIDS** – Those wishing to buy, who cannot be present, may leave with or send their bids to the sale manager, Mervin F. Aegerter of The Shorthorn World; to Ted Aegerter of the American Shorthorn Breeders' Association, Seward, Nebraska; or to the press representatives, Jim Orton, Kansas Stockman; Mike Wilson, Kansas Farmer, Topeka, Kansas.

**AUCTIONEER** – Dick Kane, Wisner, Nebraska.

UPRIGHT ROYAL PRINCE -- Purchased in the 1951 Tomson Bros. sale after they had used him considerably in their own herd. He was used for 6 years in our herd and 32 daughters sell in this sale. He was a very easy fleshing bull and without a doubt, one of the greatest bulls we ever used as consistently; some of the top cattle in our herd trace back to him. His sire was by the \$63,000 Pittodrie Upright and his dam is a granddaughter of the Imp. Cluny Royal Princess 9th.

FORTUNE MARINER -- A red four-year-old son of P F Fortune, the bull that did Tomson Bros. so much good. His dam, Mayflower 69th, is by Upright Royal Prince, grandson of the \$63,000 Perth champion, Pittodrie Upright. Fortune Mariner and Manipulator, the two herd bulls that sell in this sale, are both out of the same dam and Fortune Mariner has been mated to 53 cows that sell in this sale. There are 12 young heifers sired by him that also sell.

VALIANT MARY -- Exposed to Manipulator from August 30, 1960 until November 15, 1960.

## FEMALES HAVE BEEN CATALOGED ACCORDING TO GROUPS

The 38 open heifers are cataloged from Lots 3 to 41.

The 8 bred heifers are cataloged from Lots 42 to 49.

Cows cataloged from Lot 50 to 75 were all put out in pasture with Valiant Commander on May 17, 1960. After Valiant Commander was crippled and moved into lot on August 5th, the Manipulator bull was put with these cows and remained with them until November 15, 1960.

COMMANDER'S AUGUSTA -- A four-year-old daughter of Valiant Commander that has been a regular producer, but sells open as does Lot 156.

## GOOD DEMAND FOR SHORTHORN FEMALES

During the past year, there have been a number of predictions about the future of the beef cattle business. Apparently there were two important groups who paid little or no attention to these predictions—first, consumers and second, producers. Consumers kept right on eating all the beef they could get their hands on at a fair price, and producers kept right on doing what they intended to do anyhow. Steady to higher prices at the close of the past year were heartening to all cattlemen. In a number of sales held in December, 1960, the demand for Shorthorn females was the best seen in quite some time.

Sound cattle producers will go right ahead in breeding good cattle that will use feed efficiently, make rapid and profitable gains and be capable of satisfying their customers.

The dispersion of the V. E. DeGeer estate Shorthorn herd affords one of the good buying opportunities of 1961. It's a large herd, uniformly bred and where good bulls have been used for many, many years. Every female has been bred in the herd and all the cattle will be offered in just good, strong breeding condition with no extra fit.

As has been pointed out, the ages of the cattle are good. They are in a healthy condition and the bulk of the females will start calving soon after the first of March.

Gene DeGeer who is in charge of the herd at the ranch, located 19 miles West of Medicine Lodge, Kansas on U.S. 160, and then  $\frac{3}{2}$  miles South, will be glad to show these cattle to anyone interested prior to the sale.

Here are cattle that can fit into any plan of good, solid beef production and the bred cows and heifers can be valuable producers for anyone. The large group of open heifer calves also afford splendid opportunities for further herd expansion.

**MERV AEGERTER, Sale Manager**

# A SALE YOU MUST ATTEND

---

## GOOD AGES

85 of the cows are four-years-of age or under

Only 10 females are over six-years-of age.

---

## UNIFORMITY

Every female has been bred in the DeGeer herd and you will find up to 50 females, all half-sisters, sired by one bull. Further, the two bulls that most of these females have been mated to, are both good individuals, out of the same dam.

---

## PEDIGREES

You'll find good Scotch families and the bloodlines of some of the most consistent producers have been the Victorias, the Sybils, the Lancasters, the Augustas and the Foxgloves. Pedigrees of the bulls used in this herd for the past 20 years include some of the best Shorthorn cattle known to the breed.

---

## NOS.

Here's real selection in 108 cows, nearly all of them to start calving soon after the first of March. There will be 8 bred heifers and 39 open heifers, all bred alike, all alike in quality and individuality.
